

July 14, 2006

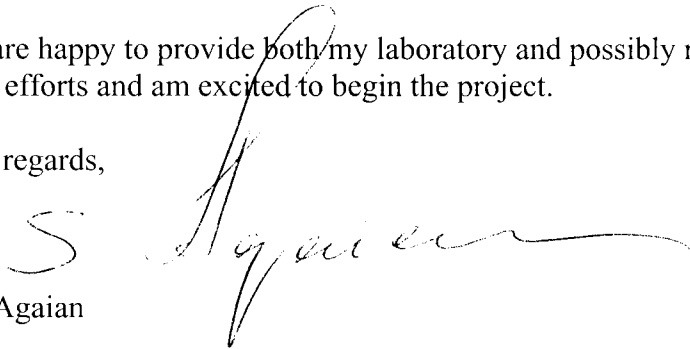

Mr. David M. Shaw
President
Global Uni-Docs Corporation
5950 Berkshire, Suite 1420
Dallas, TX 75225

Dear Mr. Shaw

I was very excited to learn of your research in steganography and am happy to assist in research that advances the state-of-the-art through your novel approach to digital authentication.

We are happy to provide both my laboratory and possibly research assistance. I support your efforts and am excited to begin the project.

Best regards,

A handwritten signature in cursive script, appearing to read 'S. Agaian', written in black ink. The signature is fluid and extends across the width of the text area.

Sos Agaian
